WHY CHOOSE US?

Reliable & Timely Deliveries

We ensure that every shipment reaches its destination on schedule, whether it's a short local delivery or a long-haul regional transport, giving our clients peace of mind.

Comprehensive Logistics Services

From transportation and warehousing to customs clearance and cargo handling, we offer end-to-end solutions tailored to meet the unique needs of each client.

Experienced & Skilled Team

Our team of logistics professionals brings years of expertise, ensuring that goods are handled safely, efficiently, and with the highest level of professionalism.

Customer-Focused Approach

We prioritize our clients' needs, providing real-time updates, transparent communication, and flexible solutions that adapt to changing requirements.

OUR HISTORY

Founded in 2010 by Saddam Michael Kawishe as a sole proprietorship, SK Logistics has grown into a trusted cross-border transporter of dangerous and specialised cargo — moving sulphur, copper and chemical cargo from the Port of Dar es Salaam to mining sites across the DRC, Zambia and neighbouring countries.

As demand grew, SK Logistics expanded its fleet by increasing trucks, marking the beginning of a rapid growth phase. Today, the company operates 50+ vehicles, delivering reliable and professional logistics solutions across the region. Guided by a commitment to excellence and innovation, SK Logistics continues to strengthen its presence, serving as a pillar of efficiency and trust within the SK Group.

OUR SERVICES

ABNORMAL LOAD TRANSPORTATION

Specialized handling and transportation of oversized, overweight, and complex cargo requiring careful planning, permits, and expert logistics coordination to ensure safe and efficient delivery.

HAZARDOUS GOODS TRANSPORTATION

Safe and compliant transportation of dangerous goods, including chemicals and sensitive materials, with specialized handling, safety procedures, and regulatory compliance to ensure secure delivery.

MINING MATERIALS HANDLING

We provide safe and efficient handling and transportation of mining equipment, related chemicals, and essential mining supplies. Our services ensure secure movement, proper handling, and reliable delivery of materials to mining sites.

GOODS RECEIVING & DISPATCHING

We provide reliable receiving, inspection, storage coordination, and dispatching of goods to ensure smooth supply chain operations. Our services help businesses manage cargo movement efficiently with accurate documentation and timely deliveries.
